- **Where: Davenport Soccer Complex**

Quad Cities United, the premier soccer club in the area, is proud to be on the cutting edge of player development. As such, we are pleased announce the dates of our spring academy program.

Many clubs have followed our lead and now offer programs similar, but we are in our 7th year of offering academy programs and still lead the way for player development in the QCA.

QC United academy programs have been made available as a means of offering developmentally appropriate soccer activities for U5, U6, U7, U8 and U9 youth boys and girls players. The innovative academy curriculum will maximize involvement and enjoyment from all that participate.

Our academy approach will include significant individual instruction and small-sided games that maximize involvement and contact with the ball! In this way, the enjoyment and “fun” had by the players, as well as the development progress made, is exponentially greater than other formats currently used. Recent studies have shown that academy players touch the ball on average 25 times more than they would playing in other formats, thereby increasing their potential for improvement.

Our program will run 4 weeks beginning May 10th and will conclude June 2nd. The tuition for this program is \$50 for the Spring Academy. Please refer to the information on the left for additional details.

With more professional staff coaches than any other club in the area, go with the best; GO UNITED!!!
